

ARTERIO<sup>TM</sup> PRIME is the latest addition to the Loveland Products soybean portfolio. With multiple modes of action, growers can expect strong residual performance on the toughest-to-control weeds, including pigweeds and water hemp. ARTERIO PRIME is powered by two long-lasting active ingredients.

### PRODUCT FEATURES

- Labeled crops: soybeans, sunflowers, chickpeas, dry shelled field peas
- Pack size: 2x2.5

### RATES

See label for specific use rates.

### MAXIMIZE PERFORMANCE WITH
