

Tesoro™ 4.5F is a systemic fungicide that provides both preventative and curative control of a broad spectrum of diseases in several crops. The active ingredient T-methyl is an excellent tank mix partner with other fungicides for a resistant-management tool. Tesoro™ 4.5F is formulated as a flowable and is compatible with many other fungicides and insecticides.

FEATURES

- Formulation: Flowable
- Signal Word: Caution
- Pack Size: 2x2.5 gal
