

# Reax Sulfur

**REAX™ SULFUR** is the latest addition to Loveland Products REAX nutritional lineup. REAX SULFUR combines C<sup>2</sup> Technology, LPI's industry-leading carbon-based technology, with two plant-available sulfur sources. The formulation has been optimized for in-season soil applications to address sulfur deficiencies across a wide range of crops. The C<sup>2</sup> component of REAX SULFUR improves overall efficiency and performance, allowing for flexible application rates in 2x2 or at side-dress.

## PRODUCT FEATURES

- High-efficiency formulation with multiple sulfur sources
- Stimulates microbial activity
- Meets crop demand with increased pool of mineralizable forms of sulfur
- Improves crop yield and enhances sulfur use efficiency uptake

## GROWER BENEFITS

- Highly soluble formulation easily added to liquid nitrogen solutions
- It reduces the need for higher-use product rates by improving sulfur fertilizer recovery
- C<sup>2</sup> Technology helps buffer salts making REAX SULFUR safe and effective for 2x2, side-dress, and foliar applications

## RATES

Soil: 1-15 gal/A

Foliar: 1-4 pts/A

## ANALYSIS

9-0-0 18% S with C<sup>2</sup> Technology
